But the truth that unites ebooks and print books is that they're composed of ideas. It is the ideas in these books which have the power to change, or possibly rework, people's lives.

What do you assume an idea is worth when evaluated in opposition to the cost of paper and ink?

It's the IDEAS which are useful! That is the way you determine the price of your ebook.

What should I cost for my ideas?

This is a superb pricing technique if you are looking to acquire lengthy-time period customers. Lengthy-term customers are extremely likely to purchase from you again and again ? as long as the first ebook they buy is of exceptional high quality and helpful to the customer.

Nevertheless, in case your e-book incorporates precious ? and extra importantly NEW information, references, or techniques ? then it's best to goal to cost it on the excessive end.

After you determine your purpose, you should determine what your audience's need is for your ebook. For example, does your book resolve a selected drawback? If it does, and solves it in a method that hasn't been written about in 100 other ebooks, you'll be able to achieve high gross sales at a excessive price. If your ebook solves an issue or answers questions in a new and unique method, it's best to worth your ebook as high as you possibly can go. You will obtain larger profits this fashion, however bring in fewer customers. Simply ensure that the query or problem that your e book solves is one that is important and relevant to the vast majority of your market audience. If your

If you want to see massive earnings over buyer draw, purpose for an viewers that's on the lookout for easy options to their issues at a low price. If your e-book is geared toward solving one specific problem rather than normal advice, then you can cost more. Start at the highest worth the market will bear to herald the largest earnings, and plan to low cost the e-book a variety of occasions all through the year.

## Advertising and marketing Strategies

The key that unlocks the gross sales potential of your book is to discover a single sentence that turns into your promoting handle. This sentence states what question or problem your ebook answers and the advantages your e-book can provide. Then remember to use that sentence in every piece of gross sales and promotional materials, and every time anyone asks you about your ebook.

In addition to promoting your books assiduously online, there are several different methods that may show you how to promote extra books.

One is to offer one thing away for free with your e book, equivalent to a valuable bonus item. Or bundle a number of ebooks underneath one price, which lowers the worth for every book if they have been bought separately.

An effective technique for figuring out a worth is to ship out a survey to your current customers. If these customers have already bought an e-book from you, ask for their opinion in terms of price. Do that by creating a sales web page for the brand new ebook, but don't embody a value on that page. As a substitute, add a number of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to check out prices by making a variety of duplicate sales pages with completely different costs on each page. Be certain your sales copy is strictly the similar on every web page, and consists of your promoting-deal with sentence. Then work out for every web page the conversion ratio between guests to your website and gross sales of your book. This will let you know what your optimum price is.

Ultimately, if you've written a e book that solves a downside or presents a new technique, your e-

book will herald each traffic and profits. So make sure to write that promoting-deal with sentence that sums up what drawback your guide solves and what the advantages of your 1000 guide shall be to the shoppers who buy it. After which watch your market come to you!
