An effective approach for figuring out a value is to send out a survey to your present customers. If these clients have already bought an ebook from you, ask for their opinion by way of price. Do that by creating a sales page for the new e-book, but do not embrace a price on that page. Instead, add a

lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to test out prices by creating a number of duplicate gross sales pages with different prices on every page. Make sure that your sales copy is exactly the identical on each page, and includes your promoting-deal with sentence. Then figure out for every page the conversion ratio between visitors to your web site and gross sales of your book. This can tell you what your optimum value is.

Finally, if you happen to've written a guide that solves a drawback or presents a new method, your guide will herald each visitors and profits.
