Another strategy is to test out costs by creating a number of duplicate sales pages with totally different costs on every page. Make sure your gross sales copy is precisely the similar on every page, and includes your selling-handle sentence. Then work out for each page the conversion ratio between guests to your website and gross sales of your book. This can let you know what your optimum value is.

Finally, when you've written a ebook that solves a downside or presents a new approach, your guide will bring in each visitors and profits.
