An efficient approach for figuring out a value is to ship out a survey to your present customers. If these clients have already purchased an ebook from you, ask for their opinion in terms of price. Do

that by creating a gross sales web page for the brand new guide, however do not embody a value on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another technique is to check out prices by creating a variety of duplicate gross sales pages with different costs on every page. Make sure your sales copy is exactly the same on each web page, and includes your selling-handle sentence. Then determine for every web page the conversion ratio between guests to your site and gross sales of your book. It will let you know what your optimum price is.

In the end, if you've written a e-book that solves a problem or presents a brand new technique, your e book will bring in each traffic and profits. So you should definitely write that promoting-handle sentence that sums up what downside your book solves and what the benefits of your 1027 book will be to the purchasers who buy it. And then watch your market come to you!
