gross sales and promotional materials, and each time anyone asks you about your ebook.

Besides selling your books assiduously on-line, there are several different strategies that may allow you to promote extra books.

An efficient technique for determining a price is to ship out a survey to your present customers. If these prospects have already purchased an ebook from you, ask for his or her opinion in terms of price. Do this by making a gross sales web page for the brand new e-book, but don't include a value on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to check out prices by making a variety of duplicate sales pages with totally different costs on every page. Be certain your sales copy is strictly the same on every page, and contains your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your website and sales of your book. It will inform you what your optimum price is.

In the end, for those who've written a guide that solves a problem or presents a new method, your ebook will herald each traffic and profits.
