Marketing Methods

The important thing that unlocks the gross sales potential of your book is to find a single sentence that turns into your selling handle. This sentence states what query or problem your guide answers and the advantages your book can provide. Then be sure to use that sentence in each piece of sales

and promotional materials, and each time anyone asks you about your ebook.

Apart from promoting your books assiduously on-line, there are several different methods that may enable you to promote more books.

One is to offer something away without cost with your guide, such as a precious bonus item. Or bundle several ebooks under one price, which lowers the value for every book if they had been bought separately.

An effective technique for figuring out a worth is to send out a survey to your current customers. If these customers have already bought an e-book from you, ask for his or her opinion by way of price. Do this by making a gross sales web page for the new guide, but do not embrace a value on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to test out costs by making a variety of duplicate gross sales pages with totally different costs on every page. Be sure your gross sales copy is precisely the similar on each page, and consists of your selling-handle sentence. Then determine for each web page the conversion ratio between guests to your site and sales of your book. This can let you know what your optimum price is.

Ultimately, if you've written a e book that solves a drawback or presents a brand new technique, your e-book will usher in both traffic and profits.
