An effective approach for figuring out a price is to ship out a survey to your present customers. If these prospects have already purchased an book from you, ask for their opinion when it comes to price. Do that by making a sales web page for the brand new book, but do not include a price on that page. As an alternative, add numerous hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to check out costs by making a number of duplicate sales pages with completely different costs on every page. Ensure your gross sales copy is exactly the similar on every page,

and contains your selling-handle sentence. Then determine for every web page the conversion ratio between visitors to your web site and gross sales of your book. This will let you know what your optimum value is.
