One other strategy is to check out prices by making a number of duplicate sales pages with completely different prices on every page. Make sure that your sales copy is precisely the identical

on every page, and includes your promoting-handle sentence. Then determine for every page the conversion ratio between visitors to your website and sales of your book. This will let you know what your optimum price is.

In the end, when you've written a ebook that solves a problem or presents a brand new approach, your e book will usher in each traffic and profits.
