Another technique is to test out costs by making a variety of duplicate gross sales pages with completely different prices on each page. Be sure that your sales copy is precisely the same on each

web page, and includes your promoting-deal with sentence. Then determine for every web page the conversion ratio between visitors to your site and gross sales of your book. This will let you know what your optimum price is.

In the end, if you happen to've written a book that solves a problem or presents a new approach, your guide will herald each site visitors and profits.
