An efficient method for determining a price is to send out a survey to your present customers. If these clients have already purchased an e book from you, ask for his or her opinion in terms of

price. Do that by creating a gross sales web page for the new e book, but do not embrace a value on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to check out costs by creating a variety of duplicate sales pages with completely different prices on each page. Make sure that your sales copy is precisely the same on each page, and contains your promoting-deal with sentence. Then figure out for each page the conversion ratio between guests to your web site and sales of your book. It will tell you what your optimum value is.

Finally, if you happen to've written a ebook that solves a downside or presents a brand new technique, your book will usher in both site visitors and profits. So make sure to write that promoting-handle sentence that sums up what downside your ebook solves and what the benefits of your 1390 e book might be to the purchasers who purchase it. And then watch your market come to you!
