An effective technique for determining a value is to ship out a survey to your current customers. If these customers have already bought an book from you, ask for their opinion when it comes to price. Do this by making a gross sales page for the new e-book, however don't embody a value on that page. As a substitute, add numerous links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to test out prices by creating a number of duplicate sales pages with completely different prices on every page. Make sure your gross sales copy is strictly the same on

every page, and contains your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your site and sales of your book. It will tell you what your optimum worth is.

In the end, for those who've written a e book that solves a drawback or presents a new technique, your e-book will usher in each traffic and profits. So be sure you write that promoting-handle sentence that sums up what problem your guide solves and what the advantages of your 150 book will likely be to the customers who buy it.
