Do that by making a gross sales page for the brand new e book, however don't include a worth on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to test out prices by creating a variety of duplicate sales pages with different costs on each page. Ensure that your gross sales copy is exactly the identical on every web page, and includes your promoting-deal with sentence. Then work out for each page the conversion ratio between guests to your web site and sales of your book. This may tell you what your optimum price is.

Finally, in the event you've written a guide that solves a drawback or presents a brand new

approach, your book will bring in both visitors and profits. So make sure you write that promoting-deal with sentence that sums up what downside your e book solves and what the advantages of your 1640 ebook will be to the purchasers who purchase it. After which watch your market come to you!
