Another technique is to test out prices by creating a variety of duplicate sales pages with different costs on every page. Be certain your gross sales copy is exactly the same on each web page, and consists of your selling-deal with sentence. Then work out for every web page the conversion ratio between visitors to your web site and sales of your book. This may inform you what your optimum worth is.

Ultimately, when you've written a guide that solves a drawback or presents a new technique, your ebook will bring in both visitors and profits.
