Decide if your goal is to get vast distribution and maximum exposure. This objective is aimed at drawing prospects to your small business or service, or to establishing the credibility of your reputation. If that is your important objective, you need to aim to keep your price on the low side. Some authors have even priced their ebooks at a revenue loss to attract a high variety of new customers. The hot button is to discover a price that maximizes your profits and the number of books you sell.

This is a wonderful pricing strategy if you're trying to acquire lengthy-term customers. Lengthy-time period clients are extremely likely to purchase from you once more and once more ? as long as the primary e-book they purchase is of exceptional quality and useful to the customer.

However, in case your ebook contains priceless ? and extra importantly NEW information, references, or methods ? then you should aim to cost it on the high end.

After you determine your aim, you need to work out what your viewers's want is in your ebook. For instance, does your e book clear up a specific downside? If it does, and solves it in a approach that hasn't been written about in one hundred different ebooks, you'll be capable of achieve high gross sales at a excessive price. In case your ebook solves an issue or solutions questions in a new and unique way, you should value your e-book as excessive as you possibly can go. If you want to see giant profits over customer draw, goal for an audience that is on the lookout for easy solutions to their problems at a low price. In case your e book is aimed toward solving one particular downside quite than general advice, then you can charge more. Begin on the highest worth the market will bear to usher in the largest profits, and plan to discount the book a number of occasions all through the year.

An effective technique for determining a price is to send out a survey to your present customers. If these customers have already bought an book from you, ask for their opinion when it comes to price. Do that by creating a sales page for the new e book, but do not embody a value on that page. Instead, add a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another technique is to check out prices by creating a variety of duplicate sales pages with completely different prices on every page. Ensure your gross sales copy is strictly the identical on

every page, and consists of your selling-handle sentence. Then work out for every page the conversion ratio between visitors to your website and gross sales of your book. It will inform you what your optimum value is.

In the end, in the event you've written a ebook that solves a problem or presents a new method, your e-book will herald each traffic and profits.
