problem moderately than normal recommendation, then you'll be able to cost more. Start on the highest price the market will bear to bring in the largest income, and plan to discount the guide a number of times throughout the year.

An efficient approach for figuring out a worth is to ship out a survey to your current customers. If these prospects have already bought an e book from you, ask for his or her opinion when it comes to

price. Do that by making a gross sales page for the brand new guide, however don't embody a value on that page. Instead, add plenty of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another technique is to check out prices by making a variety of duplicate sales pages with different costs on every page. Make certain your sales copy is strictly the similar on every page, and includes your promoting-handle sentence. Then figure out for each page the conversion ratio between visitors to your site and gross sales of your book. It will inform you what your optimum worth is.
