Then be sure to use that sentence in each piece of gross sales and promotional material, and each time anybody asks you about your ebook.

Besides selling your books assiduously online, there are several different strategies that may help you promote more books.

One is to present one thing away for free with your book, comparable to a invaluable bonus item. Or bundle a number of ebooks underneath one value, which lowers the value for each e-book if they have been offered separately.

An effective technique for figuring out a value is to send out a survey to your current customers. If these customers have already purchased an e book from you, ask for their opinion in terms of price. Do this by making a gross sales web page for the new book, however don't include a value on that page. As an alternative, add a number of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another technique is to test out costs by creating a number of duplicate gross sales pages with different prices on every page. Ensure your gross sales copy is precisely the similar on every web

page, and consists of your selling-handle sentence. Then work out for each web page the conversion ratio between guests to your site and sales of your book. This can inform you what your optimum price is.

Ultimately, should you've written a e book that solves a problem or presents a new technique, your e book will bring in both traffic and profits. So make sure to write that promoting-handle sentence that sums up what problem your e-book solves and what the benefits of your 2000 guide will be to the customers who purchase it. After which watch your market come to you!
