Do this by creating a gross sales page for the brand new guide, however don't include a value on that page. As an alternative, add a number of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to test out costs by creating a number of duplicate sales pages with totally

different prices on each page. Make sure your sales copy is strictly the identical on each page, and consists of your selling-deal with sentence. Then determine for every page the conversion ratio between guests to your website and sales of your book. This may tell you what your optimum worth is.

In the end, should you've written a guide that solves a problem or presents a brand new approach, your e-book will herald each site visitors and profits.
