An efficient technique for determining a price is to ship out a survey to your current customers. If these customers have already purchased an book from you, ask for their opinion by way of price. Do that by making a gross sales page for the brand new e-book, however don't include a value on that page. and contains your selling-deal with sentence. Then figure out for every web page the conversion ratio between guests to your website and sales of your book. This will let you know what your optimum price is.
