After you determine your purpose, you will need to determine what your audience's need is to your ebook. For instance, does your guide clear up a specific downside? If it does, and solves it in a manner that hasn't been written about in 100 other ebooks, you can be able to achieve high gross sales at a high price. In case your guide solves an issue or answers questions in a new and unique

method, you should value your book as excessive as you'll be able to go. You'll obtain bigger earnings this manner, but bring in fewer customers. If you want to see massive income over customer draw, aim for an audience that is in search of easy solutions to their issues at a low price. If your e-book is aimed toward fixing one specific problem quite than common advice, then you can cost more. Begin at the highest price the market will bear to herald the largest earnings, and plan to low cost the e book a variety of occasions all through the year.
