An efficient technique for figuring out a price is to send out a survey to your present customers. If these clients have already bought an e book from you, ask for their opinion when it comes to price. Do that by creating a sales page for the brand new book, but do not embody a value on that page. Instead, add numerous hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to check out costs by making a variety of duplicate sales pages with completely different prices on each page. Ensure that your sales copy is strictly the similar on every web page, and includes your selling-handle sentence. Then figure out for every page the conversion ratio between visitors to your website and sales of your book. This can inform you what your optimum value is.
