An efficient approach for determining a worth is to send out a survey to your present customers. If these customers have already purchased an e book from you, ask for his or her opinion when it comes to price. Do this by making a sales page for the new guide, but don't include a price on that page.

Instead, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other technique is to check out prices by creating a variety of duplicate gross sales pages with totally different prices on every page. Ensure that your gross sales copy is exactly the similar on every page, and includes your selling-deal with sentence. Then figure out for each web page the conversion ratio between guests to your web site and sales of your book. This can inform you what your optimum value is.

Ultimately, should you've written a book that solves a problem or presents a new technique, your guide will usher in both traffic and profits. So you should definitely write that selling-deal with sentence that sums up what downside your book solves and what the benefits of your 2370 e-book will likely be to the shoppers who buy it.
