If these customers have already bought an e-book from you, ask for their opinion when it comes to price. Do this by making a gross sales web page for the brand new e-book, however don't embrace a value on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to check out prices by creating a variety of duplicate gross sales pages with different costs on every page. Ensure your sales copy is strictly the identical on every web page,

and includes your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your web site and gross sales of your book. This may let you know what your optimum value is.

In the end, if you happen to've written a book that solves a drawback or presents a new method, your book will bring in both site visitors and profits.
