## Advertising Strategies

Then you should definitely use that sentence in each piece of sales and promotional material, and every time anyone asks you about your ebook.

Besides selling your books assiduously online, there are several different strategies that can help you sell more books.

One is to present something away without cost along with your e book, corresponding to a worthwhile bonus item. Or bundle several ebooks underneath one worth, which lowers the value for each e book if they were bought separately.

An efficient method for determining a worth is to ship out a survey to your present customers. If these customers have already purchased an e-book from you, ask for their opinion when it comes to

price. Do that by making a sales page for the brand new ebook, but do not include a worth on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to test out prices by creating a variety of duplicate sales pages with different costs on each page. Be sure that your gross sales copy is exactly the identical on every web page, and contains your promoting-handle sentence. Then determine for each web page the conversion ratio between guests to your website and gross sales of your book. This will let you know what your optimum price is.

In the end, in case you've written a guide that solves a drawback or presents a new technique, your e book will bring in each visitors and profits. So you should definitely write that promoting-handle sentence that sums up what problem your book solves and what the advantages of your 2389 book will probably be to the shoppers who purchase it.
