piece of gross sales and promotional materials, and each time anybody asks you about your ebook.

In addition to promoting your books assiduously online, there are several other methods that may show you how to sell more books.

One is to offer something away without spending a dime with your ebook, comparable to a priceless bonus item. Or bundle a number of ebooks under one price, which lowers the value for every e-book if they have been offered separately.

An efficient method for determining a worth is to send out a survey to your current customers. If these prospects have already purchased an ebook from you, ask for his or her opinion when it comes to price. Do that by creating a sales web page for the new e-book, however do not include a price on that page. As an alternative, add plenty of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to check out prices by creating a number of duplicate gross sales pages with totally different costs on each page. Be sure that your sales copy is precisely the same on each web page, and contains your promoting-handle sentence. Then determine for each page the conversion ratio between visitors to your web site and gross sales of your book. It will tell you what your optimum worth is.

Finally, if you happen to've written a e-book that solves a downside or presents a new approach, your guide will bring in both visitors and profits.
