An effective technique for figuring out a price is to ship out a survey to your current customers. If these prospects have already purchased an ebook from you, ask for their opinion in terms of

price. Do that by creating a sales page for the new e-book, however don't embody a worth on that page. Instead, add various links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to test out costs by making a variety of duplicate gross sales pages with different prices on every page. Ensure your sales copy is exactly the same on each web page, and consists of your promoting-deal with sentence. Then determine for each page the conversion ratio between guests to your site and sales of your book. This can tell you what your optimum worth is.

Ultimately, should you've written a book that solves a drawback or presents a new method, your book will herald both visitors and profits. So be sure to write that promoting-handle sentence that sums up what downside your guide solves and what the advantages of your 2620 guide might be to the shoppers who purchase it.
