Marketing Methods

In addition to selling your books assiduously online, there are a number of other methods that may help you promote more books.

One is to offer something away for free together with your e-book, comparable to a invaluable bonus item. Or bundle several ebooks beneath one worth, which lowers the price for each e-book if they have been offered separately.

An efficient approach for figuring out a value is to send out a survey to your present customers. If these clients have already purchased an e-book from you, ask for their opinion in terms of price. Do

this by creating a sales page for the new e book, but do not embrace a value on that page. As an alternative, add a variety of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to test out prices by making a number of duplicate sales pages with different prices on each page. Ensure that your sales copy is exactly the same on every page, and consists of your promoting-deal with sentence. Then figure out for each page the conversion ratio between visitors to your site and sales of your book. This may inform you what your optimum price is.

Finally, should you've written a guide that solves a downside or presents a new approach, your e book will bring in both visitors and profits. So you'll want to write that selling-deal with sentence that sums up what problem your e-book solves and what the benefits of your 2640 guide shall be to the purchasers who buy it. And then watch your market come to you!
