As an alternative, add various links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to check out prices by making a number of duplicate sales pages with completely different prices on each page. Make sure that your gross sales copy is strictly the same on every page, and contains your promoting-deal with sentence. Then figure out for each web page the conversion ratio between guests to your web site and sales of your book. This will tell you what your optimum price is.

In the end, for those who've written a ebook that solves a downside or presents a new method, your e book will bring in each site visitors and profits.
