An efficient method for determining a worth is to send out a survey to your present customers. If these clients have already purchased an e-book from you, ask for his or her opinion in terms of price. Do that by creating a sales page for the new guide, but do not include a price on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to test out prices by creating a number of duplicate gross sales pages with completely different costs on each page. Make sure that your gross sales copy is strictly the similar on every page, and includes your promoting-handle sentence. Then figure out for each page the conversion ratio between visitors to your web site and gross sales of your book. This can inform you what your optimum value is.

Finally, for those who've written a book that solves a downside or presents a brand new approach, your e book will bring in both traffic and profits.
