An efficient technique for figuring out a price is to ship out a survey to your current customers. If these prospects have already purchased an book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales web page for the brand new book, but don't include a worth on that page. Instead, add various links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another strategy is to test out costs by creating a variety of duplicate sales pages with different costs on each page. Be sure that your gross sales copy is precisely the similar on every page, and

contains your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your web site and sales of your book. This may tell you what your optimum price is.
