Marketing Strategies

The key that unlocks the gross sales potential of your book is to discover a single sentence that becomes your selling handle. This sentence states what question or problem your e-book answers and the advantages your e book can provide. Then be sure you use that sentence in every piece of sales and promotional material, and each time anybody asks you about your ebook.

In addition to promoting your books assiduously online, there are several different methods that can allow you to sell more books.

One is to present something away for free together with your ebook, such as a precious bonus item. Or bundle a number of ebooks below one value, which lowers the worth for each book if they were sold separately.

An efficient technique for determining a value is to ship out a survey to your present customers. If these customers have already bought an e-book from you, ask for their opinion in terms of price. Do that by creating a gross sales web page for the new book, however don't embrace a price on that page. Instead, add a variety of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to check out prices by making a variety of duplicate gross sales pages with totally different prices on every page. Ensure your gross sales copy is exactly the same on each

page, and contains your promoting-deal with sentence. Then work out for every page the conversion ratio between guests to your web site and gross sales of your book. This will tell you what your optimum worth is.

In the end, should you've written a e book that solves a problem or presents a new technique, your book will bring in both traffic and profits. So be sure you write that selling-deal with sentence that sums up what downside your e-book solves and what the benefits of your 309 ebook can be to the customers who purchase it. After which watch your market come to you!
