Advertising and marketing Methods

The key that unlocks the sales potential of your e-book is to discover a single sentence that becomes your selling handle. Then make sure you use that sentence in every piece of sales and promotional materials, and every time anyone asks you about your ebook.

In addition to promoting your books assiduously online, there are several other methods that can show you how to promote extra books.

One is to provide one thing away without cost with your guide, such as a worthwhile bonus item. Or bundle several ebooks below one price, which lowers the value for each ebook if they have been bought separately.

An effective approach for figuring out a value is to ship out a survey to your current customers. If these customers have already bought an e book from you, ask for their opinion in terms of price. Do

this by creating a sales web page for the new e-book, but do not embody a value on that page. As a substitute, add a lot of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other technique is to test out prices by creating a number of duplicate gross sales pages with completely different prices on each page. Make sure your sales copy is strictly the identical on every web page, and includes your selling-deal with sentence. Then work out for each page the conversion ratio between visitors to your website and sales of your book. It will let you know what your optimum price is.

Ultimately, should you've written a guide that solves a problem or presents a brand new method, your guide will usher in both visitors and profits. So you'll want to write that selling-deal with sentence that sums up what drawback your ebook solves and what the advantages of your 314 book will be to the shoppers who purchase it. After which watch your market come to you!
