One other technique is to test out prices by creating a number of duplicate gross sales pages with completely different prices on every page. Ensure your sales copy is strictly the identical on every web page, and includes your promoting-handle sentence. Then determine for each page the conversion ratio between visitors to your website and gross sales of your book. This may let you know what your optimum value is.

In the end, if you've written a ebook that solves a problem or presents a new technique, your book

will bring in both traffic and profits. So be sure to write that selling-deal with sentence that sums up what downside your e-book solves and what the advantages of your 421 e-book will probably be to the purchasers who purchase it. And then watch your market come to you!
