An effective method for determining a price is to send out a survey to your current customers. If these prospects have already purchased an e book from you, ask for their opinion in terms of price. Do that by creating a sales web page for the new ebook, but don't embody a value on that page. Instead, add a lot of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to check out costs by creating a number of duplicate sales pages with completely different costs on each page. Ensure your gross sales copy is precisely the same on each web page, and includes your promoting-deal with sentence. Then figure out for every page the conversion ratio between guests to your web site and sales of your book. This can inform you what your optimum worth is.

In the end, when you've written a book that solves a problem or presents a brand new approach, your guide will usher in both site visitors and profits.
