An efficient method for determining a price is to ship out a survey to your current customers. If these clients have already purchased an e-book from you, ask for his or her opinion in terms of price. Do that by creating a gross sales page for the new e book, but don't embrace a price on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to test out prices by making a number of duplicate sales pages with different costs on every page. Ensure that your gross sales copy is precisely the identical on each web page,

and consists of your selling-deal with sentence. Then figure out for every page the conversion ratio between guests to your web site and sales of your book. This may let you know what your optimum price is.

In the end, if you happen to've written a e book that solves a drawback or presents a new method, your guide will bring in each visitors and profits.
