in each piece of sales and promotional materials, and each time anybody asks you about your ebook.

Apart from selling your books assiduously online, there are a number of other methods that can show you how to sell extra books.

One is to present something away free of charge together with your e book, reminiscent of a priceless bonus item. Or bundle a number of ebooks underneath one worth, which lowers the value for each ebook if they have been sold separately.

An efficient method for figuring out a value is to send out a survey to your present customers. If these clients have already bought an e-book from you, ask for their opinion in terms of price. Do that by creating a gross sales page for the brand new book, however don't embody a value on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to test out prices by creating a number of duplicate gross sales pages with different prices on every page. Make sure your gross sales copy is strictly the identical on every page, and consists of your selling-handle sentence. Then work out for every web page the conversion ratio between guests to your site and gross sales of your book. This can inform you what your optimum value is.

Finally, when you've written a e book that solves a drawback or presents a new method, your guide will usher in each traffic and profits.
