One other strategy is to test out prices by creating a number of duplicate gross sales pages with totally different prices on every page. Make sure that your gross sales copy is strictly the

identical on each page, and includes your selling-handle sentence. Then work out for each web page the conversion ratio between visitors to your website and sales of your book. This will tell you what your optimum price is.

Finally, if you've written a guide that solves a problem or presents a brand new approach, your e-book will herald each visitors and profits.
