An effective approach for determining a value is to send out a survey to your current customers. If these clients have already bought an e-book from you, ask for their opinion when it comes to price. Do that by creating a sales page for the new book, but do not include a value on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to check out costs by making a number of duplicate sales pages with completely different costs on each page. Be certain your gross sales copy is exactly the same on

every web page, and includes your selling-handle sentence. Then figure out for every web page the conversion ratio between guests to your web site and gross sales of your book. This can inform you what your optimum worth is.

Finally, in the event you've written a e-book that solves a drawback or presents a new technique, your ebook will bring in each visitors and profits. So you should definitely write that selling-handle sentence that sums up what downside your e-book solves and what the advantages of your 741 e book will be to the shoppers who buy it.
