The important thing that unlocks the gross sales potential of your e-book is to discover a single sentence that turns into your promoting handle. Besides promoting your books assiduously on-line, there are several other methods that may show you how to promote extra books.

One is to present one thing away free of charge along with your book, reminiscent of a helpful bonus item. Or bundle a number of ebooks beneath one value, which lowers the price for each e-book if they were offered separately.

An efficient approach for determining a value is to ship out a survey to your current customers. If these clients have already bought an e-book from you, ask for their opinion in terms of price. Do that by creating a gross sales page for the new e book, but don't include a worth on that page. Instead, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to check out costs by creating a variety of duplicate gross sales pages with completely different costs on every page. Make sure your sales copy is precisely the identical on every page, and includes your promoting-handle sentence. Then figure out for each web page the conversion ratio between guests to your site and gross sales of your book. It will let you know what your optimum worth is.

Ultimately, if you happen to've written a guide that solves a drawback or presents a new approach,

your book will herald each traffic and profits. So you should definitely write that promoting-deal with sentence that sums up what drawback your book solves and what the advantages of your 780 ebook shall be to the purchasers who purchase it. And then watch your market come to you!
