Do this by creating a gross sales page for the brand new e-book, but don't embrace a value on that page. Instead, add a lot of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to test out costs by making a variety of duplicate sales pages with different costs on every page. Be certain your gross sales copy is strictly the same on each web page, and contains your selling-deal with sentence. Then figure out for every web page the conversion ratio between guests to your website and sales of your book. It will tell you what your optimum value is.
