An efficient method for figuring out a value is to ship out a survey to your present customers. If these customers have already bought an book from you, ask for their opinion by way of price. Do that by creating a gross sales web page for the brand new ebook, however do not include a worth on that page. Instead, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to check out costs by creating a number of duplicate sales pages with different prices on each page. Make sure your sales copy is strictly the same on every page, and consists of

your selling-handle sentence. Then figure out for each page the conversion ratio between guests to your website and sales of your book. This may let you know what your optimum value is.

Finally, if you've written a e-book that solves a problem or presents a brand new approach, your e book will bring in each site visitors and profits.
