One is to offer something away free of charge along with your ebook, reminiscent of an invaluable bonus item. Or bundle a number of ebooks below one price, which lowers the value for each book if they were sold separately.

An effective technique for determining a worth is to send out a survey to your current customers. If these clients have already bought an e-book from you, ask for his or her opinion by way of price. Do this by making a sales web page for the brand new guide, however do not embrace a value on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out prices by creating a number of duplicate gross sales pages with completely different prices on every page. Be certain your sales copy is exactly the same on each page, and includes your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your website and sales of your book. This can let you know what your optimum value is.

In the end, if you've written a guide that solves a downside or presents a brand new method, your e book will bring in both site visitors and profits. So be sure you write that selling-deal with sentence that sums up what downside your book solves and what the advantages of your 812 book shall be to the shoppers who buy it.
