One other strategy is to check out prices by creating a number of duplicate sales pages with completely different costs on each page. Ensure that your sales copy is precisely the same on every web page, and includes your selling-handle sentence. Then determine for every web page the conversion ratio between visitors to your website and sales of your book. It will inform you what your optimum value is.

In the end, in the event you've written a book that solves a drawback or presents a new method, your e-book will herald each visitors and profits.
