An efficient method for figuring out a worth is to send out a survey to your current customers. If these customers have already purchased an e-book from you, ask for their opinion by way of price. Do that by making a gross sales page for the new book, but don't embody a price on that page. Instead, add plenty of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other strategy is to check out costs by making a number of duplicate sales pages with different prices on every page. Ensure that your sales copy is precisely the similar on every web page, and

includes your selling-handle sentence. Then work out for every web page the conversion ratio between visitors to your site and sales of your book. This may inform you what your optimum price is.

Ultimately, should you've written a ebook that solves a downside or presents a new technique, your book will usher in each visitors and profits.
